ROBLOX has also been criticised for its lack of badge incentives for participating in games, or even logging into the site at all. ROBLOX models these badges and credit prizes after the badges found in games like Journey, where a lot of doing nothing gives you a lot of money, which is possibly a reason some players don't log in. ROBLOX also has very few quests to complete that reward badges/credits.

Spamming: Roblox has been criticized for its extreme amount of spam. Some examples include the "Free Robux" scam, where people are tricked into giving their username and password to a third party so that they can steal their Robux, and the "You Have Been Tricked" scam, which consists of the offender saying something along the lines of "DON'T TRUST. HE IS TROLLING ME."

ROBLOX is built upon a custom system that includes its own scripting language and core programming languages. While it may not be true to say that all games on ROBLOX are made with ROBLOX's scripting language, this is true of the vast majority of games on the site. The scripting language is easy to learn, but more advanced scripting calls can be difficult to implement for users who do not know the syntax or do not have the time. This has led to many third-party solutions (modification of gameplay, ROBLOX engine modifications and others) being made by experienced users so that less experienced users can get a head start in the game development process.

On July 15, 2021, Roblox apologized after a server error caused a character called Calvin to be subjected to harassment which included cruel messages. The harassment included being charged with child pornography even when the player was found innocent by law enforcement officials.

In addition, this caused some users to temporarily change their username.

Rated 5 out of 5 by Anonymous from The best game ever! ROBLOX is one of the greatest games I've ever played. It lets you make your own adventures with your friends or in single player mode! This game I'd give a 10/10 because you can build anything you want, and there are still many things to do. For example, if you're tired of building things, there are games to play on Roblox. You can be a police officer, a fire fighter, or even an architect! Roblox is a truly awesome game that needs to be experienced!

The game is not very challenging. Even though there are a lot of games available on it, there isn't much in the way of difficulty. This is a big negative in my opinion - especially for older kids who love to face tough challenges such as some video games on the market now which can sometimes be really difficult and where you have to wait for many hours in order to even pass the game. This might be a problem if you are playing with smaller children - some games on roblox are known to last for days or weeks before they finish. My 6 year old absolutely loves roblox and games like this are great for that age group. If you're looking to play with kids older than that then I'd suggest looking at something else. There is some violence in the game, but nothing major (for example you can only fight by swinging a sword or shooting a gun, rather than hand to hand fighting) and it's all in the context of a game. Overall we love it and it was worth the money!

ROBLOX was sued by a user named Jacob Jones, who created an account on ROBLOX in 2021. Jacob created a game called "Cops and Robbers" with property he created outside of ROBLOX. He also released his own app, which

would allow him to earn money from advertising; his app used "Cops and Robbers" as its icon. However, ROBLOX did not want other programs to use the ROBLOX logo without their permission, so they filed a lawsuit against Jacob Jones.
